WEATHER
For Virginia, fair tonight and warmer in northwest portion; Wednesday partly cloudy; continued warm.

VOL. CXXXVI.—No. 166. ALEXANDRIA, VIRGINIA, TUESDAY, JULY 13, 1920. PRICE TWO CENTS

Library of Congress.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

Little Miss Ethel Coen is visiting her aunt, Mrs. Ruth Adams, at Cumberland, Md.

Misses Louise Adams, Carolina Gates and Evelyn Crismond are spending ten days at Atlantic City.

Miss Margaret Armstrong has returned from a visit to friends at Midland.

Mrs. Milton Yost, of New York, is visitlng her parents, Mr. and Mrs. George Schwarzman.

The Dreadnaught Athletic Club at a meeting last night decided to hold their first annual excursion to Marshall Hall August 27.

Mr. George Schwarzman and family have returned from a motoring trip through Atlantic City and New York.

A marriage license was issued in Washington yesterday to Clarence J. Bartlett and Annie Burnhearte, both of Alexandria.

Mr. Howard W. Smith, a delegate from this district to the democratic convention in San Francisco, returned home last night.

The board of governors of the Old Dominion Boat Club will hold a meeting at 7.45 o'clock tonight in the rooms of the chamber of commerce.

Mrs. Walter Ackers and two little daughters of Manassas, Va., are visiting her parents, Mrs. George Edmunds, in Queen street.

A youth named David Bayliss this afternoon fell from a bicycle and received slight injuries which were treated at the Alexandria Hospital.

Mr. and Mrs. Sugars, of Leesburg, are the guests of Mrs. H. S. Crockett and family. Mr. H. S. Crockett is able to return to work after a long illness.

Mrs. James A. Hulfish, accompanied by Miss Ruth Hulfish, of Haymarket, Va., left Saturday for Virginia Beach to attend the Virginia Baptist Association.

Charles Rause, the newly elected chaplain of the degree team of Sarepta Lodge of Odd Fellows, will confer the initiatory degree upon a class of candidates tomorrow night.

The roadway that was originally laid off by the surveyors at George Washington Park, is being extensively improved. This is a much needed improvement and will greatly add to the beauty of the park.

BIRTHDAY PARTY

Mrs. Irvin Diener, of Culpeper, entertained a number of children in honor of the fourth birthday of her daughter, little Miss Celestine Diener, at the residence of her parents, Mr. and Mrs. Benedict Weil.

After playing games the little folks were seated at an attractive table and were served ice cream, cake and candy.

There were present Rose Blumenfeld, Annie Levinson, Camilla Lunsford, Kenneth Wood, Irving Wood, Julian Whitestone, Melvin Whitestone, Samuel Bernheimer, Sigmund Bernheimer, Norman Bernheimer, Stanley Fedder and Margaret Weil.

BRITISH-JAPANESE PACT

Interested Governments Notify League of Nations They Have Prolonged Alliance

London, July 13.—Great Britain and Japan have notified the league of nations that they have prolonged their treaty of alliance for a year, according to the Daily Mail, at the same time pointing out that the terms of the treaty are in accord with the principles of the league.

The reason for the prolongation of the treaty, according to the Mail, is that Great Britai nhas not yet had opportunity to consult with the dominions regarding a revision of the treaty, which is necessitated by the elimination of German influence in the Far East.

TO ATTEND FUNERAL

Fitzgerald Council, No. 459, Knights of Columbus, at a meeting held last night appointed a committee to draft resolutions of respect to the memory of Brother Patricius, who died in Leonardtown, Md., last Sunday.

A delegation will leave at 5:45 o'clock tomorrow morning for Leonardtown to attend his funeral which will be held at Mt. St. Joseph's College, Baltimore. They will assemble at King and Columbus streets.

Ship By Truck

Practical Demonstration to be Held in The Interest of These Movements Which Are so Closely Allied

On Thursday, July 15, a one and a half ton Garford truck will make a trip over the proposed Lee Highway from Alexandria to Fairfax Courthouse and out to Middleburg to bring in a load of dairy products to Alexandria. This demonstration load is being undertaken by S. W. Longsworth, Firestone Ship by Truck Manager, Washington, in the interests of the Motor Truck and Good Roads of this section.

By this practical demonstration, he will be able to show in dollars and cents and time-saving what it will mean when a good road is completed through this territory. Middleburg, a flourishing farm and dairy section, is isolated eight miles from the railroad and, if her products could be diverted to Alexandria over a good highway, it would give the people of this city fresher and better food at great saving.

This is considered a most timely demonstration in conjunction with the good roads program of the Board of Commissioners of Fairfax Courthouse and the Chamber of Commerce of this city.

Captain Geo. H. Evans, business manager of the Chamber of Commerce has evinced a great deal of interest in the demonstration. Mr. Longworth is going to render a full report of the trip to him, showing in dollars and cents and time what will be saved with the advent of good roads.

C. F. Coffey, of King and Lee streets, is going to accompany Mr. Longsworth and Mr. Murphy and purchase the load.

Mr. Longworth has done considerable ship by truck work in the east and is making extensive plans for demonstrations through Virginia in the interest of this movement and of that of good roads.

PLAY POKER FOR GIRL

Loser Drank Poison and Got Out the Game According to Agreement

Geneva, July 13.—A fatal poker duel took place at Prague between two young officers enamored of a local beauty, Mlle. Ogla Freiderics. The young woman told her admirers that she liked them both equally well and, as she was unable to marry both, asked them to settle the affair between themselves.

Before a game of poker, limited to one hour, began the two players. Each placed several bottles of champagne and also a glass containing a strong dose of arsenic on the table at their private room in a hotel. Each also wrote out an unsigned statement on a slip of paper that he had poisoned himself.

The younger officer won the game. His opponent immediately signed his name to the statement ,swallowed the poison and died a few hours later. An inquiry has been begun by the police.

GERMANS CLAIM VICTORY

Declare Both East and West Prussia Largely in Favor of Teuton Sovereignty

London, July 13.—A Berlin message today says it is announced there that the result of the plebiscites in West Prussia and East Prussia show an overwhelmingly German majority

The plebiscites mentioned in the foregoing were privided for in the treaty of Versailles to determine the boundaries of Poland with regard to East and West Prussia.

SUMMER SCHOOL

Will open July 19, 1920. Applicants will call at Superintendent's Office, July 13, 14, between 9 a. m., and 12 m.

As no appropriation will be received from the state to pay the expenses of this school this summer, a charge of $2.50 will be made for each student.

164-3c. W. H. Sweeney.

FOURTH DEGREE K. C. CLASS INITIATION

Sixty-Five Candidates to Receive Highest Degree of Order

PROGRAM COMPLETE

Many Visiting Members Expected Here—Special Program For Monday and Ball at Night

Fifty candidates from this city and fifteen from Portsmouth will receive the fourth degree of the Knights of Columbus Sunday afternoon at St. Mary's Hall. Attending the work will be a big crowd of visiting fourth degree members from all over the state. The work will be conferred by Dr. E. A. Gorman of this city, who is master of the fourth degree, assisted by his staff.

The Portsmouth delegation will be headed by Grand Knight P. J. Riley together with delegations from other councils in Virginia and West Virginia.

The program provides that all members attend the 10:30 o'clock mass at St. Mary's Church in a body Mass is usually celerated at 11 o'clock but on this occasion the time has been advanced half an hour The conferring of the degree will take place at 1:30 o'clock at St. Mary's Hall and at 5 o'clock a banquet will be given the candidates and fourth degree members at the Lyceum Hall by the ladies of St. Mary's parish.

The knights attired in full dress and equipment will attend a special vesper service at 7 o'clock at St. Mary's Church.

Monday the visiting knights and their ladies will make a trip to Mt. Vernon and other points of interest and at 8 o'clock that night there will be a big formal ball. Admission will be by invitation only. Music will be furnished by a Washington orchestra.

This will be the first time that this degree has ever been conferred in this city.

HENRY FORD WILLING

Headquarters Opened and Claim is Made That Sentiment is Growing

Morrison Hotel, Chicago, July 13.—Henry Ford headquarters were opened here last night to promote sentiment in favor of his nomination for President on the third party ticket.

Charles F. Hoffman,, of the executive committee of the "Committee of "Forty-Eight" in charge of the Ford headquarters, said the action was to crystalize the increasing sentiment in favor of Mr. Ford as nominee of the third party. Mr. Hoffman explained this had caused him and a number of the delegates who were supporting the Ford movement voluntarily to make the decision to open the headquarters.

Mr. Hoffman, who is the original Ford man at the third party convention, stated that the change in feeling had been so marked over Sunday in the various meetings which he attended and shifting toward the Detroit manufacturer so rapidly that there was every reason to believe that Mr. Ford's nomination is assured. He again stressed the fact that while Mr. Ford in no sense was an active candidate for the nomination, that he had the assurance that, with a satisfactory platform provided, the Detroiter would be willing to accept the nomination.

Among those who announced their intention of working in the interests of Mr. Ford was Robert L. Stencill, prominently connected with the Progressive campaign of 1912.

Ford badges appeared on many coat lapels during the evening and as a substitute in some cases for ribbons bearing Senator La Follette's name.

FORD OWNERS

OUR MOTTO—If it is done at Remschel's, it must be done right. 7-tf.

FIRE THIS AFTERNOON

Four wood sheds in the rear of the north side of Wolfe between Washington and Columbus streets, were destroyed by fire at 3 o'clock this afternoon. The fire started in a shed filled with old newspapers and it is believed that it was started by children. The firemen quickly subdued the fire and prevented its spreading to the frame dwellings adjoining.

BASEBALL STANDS

Fans to Have Seats at High School Grounds

Carpenters are rapidly completing the baseball stands on the High School grounds. When the stands are finally finished it will begin to look like a regular baseball park.

Citizens are beginning to take some interest in sports and this will in every way help to draw the crowd.

Alexandria has plenty of fine athletes and there is no reason in the world why they should not have the best ball team in this section of the state. If the fans will pull together in the future as they have in the past few months, Alexandria will have a team it may well feel proud of.

News of Potomac

Mr. and Mrs. Waynlynn and two children of Indian Head, Md., are visiting her mother, Mrs. L. H. Feagan, on Belfonte Avenue.

Miss Dorothy Carpenter and Miss Almeta Glasscock, are visiting relatives and friends in Fredricksburg, Va.

Mr. and Mrs. Felter are happy over the arrival of a fine baby boy, born Monday morning.

Miss Mildred Crylor, of Washington, D. C., is visiting her sister, Mrs. H. A. Smallwood, of Belfonte Avenue.

There are two houses under course of construction on Mt. Ida.

Mr. F. J. Benson expects soon to break ground for a house to be built in the lower end of Del Ray.

The Methodist Episcopal Conference will convene tonight in M. E. Church, Del Ray. Dr. A. L. Hansboro will deliver the opening sermon. A cordial welceme is extended to every one.

PROPOSED AN ARMISTICE

Question of Resumption of Trade Relations With Russia Hinges on the Answer

London, July 13.—Further official confirmation was given today that the allies had made proposals to the Russian Soviet government for an armistice on equitable terms between Poland and Russia. This confirmation was given in the House of Commons by Andrew Bonar Law, the government spokesman.

Bonar Law also declared that the Soviet government had accepted Great Britain's terms for a resumption of trade between Great Britain and Russia.

When asked to state the terms of the trade agreement. Bonar Law declined to say more than that the message to Moscow dealing with the Polish armistice dealt also with the question of trade relations.

The question was raised whether the allies had threatened, if the Soviet government declined an armistic, that the allies would defend Poland.

Bonar Law would not give the details regarding this contingency but he did not say that the British negotiations did not involve recognition of the Soviet government.

TWO ARRESTS MADE

Widow of Slain Judge Sues Out Warrant for Dr. John Dedge

Alma, Ga., July 13.—Floyd Dedge and E. Sanford, employed on the plantation of Dr. John Dedge, have been arrested, and the widow of the slain man has sworn out a warrant for the arrest of Dr. Dedge in connection with the killing of Judge C J. Medders here Saturday night

The Dedge and Medders families were close friends for years. For some time, however, bad feeling is said to have existed between them.

Medders was shot as he was locking his store Saturday night, a load of buckshot taking effect in his back He was justice of the peace and merchant here.

Tension here is acute over the killing.

NATION'S RADICALS FORM NEW PARTY

Labor Elements and Dakota Leaguers Still Keep From Union

COALITION ASSURED

Early Union of All Disaffected Elements Is Expected Soon According to Liberal Leaders.

Chicago, July 13.—Representatives of five political and semi-political organizations marched yesterday in formal fashion under the sheltering wing of the Committee of Forty-eight's attempt to create a new fusion party, but the Labor Party, conceded the most important single group, was still outside of the fusion arrangements at night. Statements from the conference room indicated that the tension was high, and that the Committee of Forty-eight representatives objected to the term Democratic operation as applied to government ownership of railroad, for which both stand. There were differences over the name for the new party, the labor men demanding the definite word "labor" somewhere in the title.

Meanwhile the Labor Party and the convention of the Committee of Forty-eight continued to progress. Each member of the Labor Party Platform Committee was armed with three complete platform drafts, each one of which contained as Irish freedom plank, to which the committee of the delegates were said to have objection. The Forty-eight convention listened to a day of oratory with no action until, just before the close, the representatives of the American Constitutional Party, the American Party, of Texas, which has not previously participated in the activities; Single Taxers, World War Veterans' Association, and Rank and File Veterans' Organization marched into the convention hall.

Members of the conference predicted a formal agreement would be reached for unification on party name, platform and Presidential candidate. This agreement would then be submitted for ratification to all the members of each group who are in Chicago

Tremendous cheers from the delegates of the Committee of Forty-eight Convention greeted a partial report of the conference shortly after noon yesterday to the effect that amalgamation of the various groups had been decided upon.

SEARCHING FOR BODY

Man's Right Arm Found Yesterday May Belong to Daring Englishman

Niagara Falls, July 13.—The right arm of a man was taken from the Niagara River near the Canadian Maid of the Mist landing late yesterday. It is believed to be part of the body of George C. Stephens, of Bristol, England, who was killed yesterday in an attempt to go over the Horseshoe falls in a barrel.

Several tattoo marks were on the arm, but no one who saw Stephens here was able to make positive ientification. Finding of the arm revived hope that the rest of Stephens' body might be recovered, and watchers on the banks prepared for another all night vigil. The great electric searchlights were kept playing on the water at the base of the falls.

Practically all of Stephens' death craft has now been found. Small bits of the barrel were picked up in the lower river near the whirlpool rapids yesterday afternoon.

UPHOLD DRY INJUNCTION

Attorney-General Cannot Submit Prohibition Referendum to Vote of the People

Jefferson City, Mo., July 13.—The Missouri Supreme Court yesterday sustained the injunction suit brought by C. C. Carson, of this city, at the instance of the Missouri Anti-Saloon League to restrain the Attorney-General and the Secretary of State of Missouri from submitting to a popular vote under referendum petitions the action of the last Legislature in ratifying Federal prohibition.

DEATH OF FORMER RESIDENT

Mrs. Frances Robertson Campbell, wife of Frederick Scott Campbell, a former resident of Alexandria, died yesterday morning at her home at Ambler, Pa. The deceased was a daughter of Mr. and Mrs. Henry F. Robertson, former residents of Alexandria, and had a large circle of friends in this city who will regret to hear of her death. The deceased is survived by her husband and a young child. The body will be brought to Washington for burial.

Special Grand Jury

Will Meet at 11 a. m., Tomorrow in Corporation Court

A special grand jury will convene at 11 o'clock tomorrow morning in the corporation court, Judge Robinson Moncure, presiding, when 10 indictments will be presented to the jury for its consideration. One of the indictments to be presented is for murder. A majority of the others are for alleged violations of the state prohibition law.

The murder case is that of Samuel L. Sorrell, charged with shooting and killing his brother, Charles Sorrell, which occurred July 4. The cases will be presented by Commonwealth's Attorney Howard W. Smith.

RECEPTION LAST NIGHT

Dr. Kate Waller Barrett entertained at a beautiful reception and garden party last night at her home 408 Duke street, when her guests were members of the Woman's Auxiliary to the American Legion, Mt. Vernon Chapter, Daughters of the American Revolution, the Colonial Dames, the Daughters of the Confederacy and the officers of Alexandria Post No. 24, the American Legion and their families.

Preceding the reception a most interesting meeting of the Woman's Auxiliary to the American Legion was held, when eight members of the organization gave three minute talks on the experiences of their relatives in the World War, and Mr. George H. Evans, commander of Post No. 24, gave a brief address on the work of the Alexandria Post

Miss Anne Lewis Jones gave a talk on her experiences while in France with Dr. Stuart McGuire's hospital unit, which was attached to the second Army.

This unit at one time during the St. Mihiel drive constructed in five days a temporary hospital out of an old stone building, eight miles behind the lines. This hospital was continually bombed and during the St. Mihiel drive twenty thousand soldiers were given first aid and sent to a base hospital. An interesting fact told by Miss Jones was that in two months' time 50,000 soldiers passed through this temporary hospital.

Last night's meeting closes the regular work of the auxiliary for the summer, as the August meeting will be eliminated, and a full attendance is expected to be present the second Monday in September.

DRIVE ON HIGH PRICES

Paris, July 13.—A determined campaign against the high cost of living in France has been inaugurated by the French press. "Buy Nothing But the Utmost Necessities—Drop in Prices Is Coming," is caption which many newspapers carry in heavy black type in the center of their news sheets. Newspapers of all shades and opinion, all over the country, have joined in the campaign, with the result that a noticeable fall in the whole sale prices has been realized. This has not yet affected retail prices, however. An appeal is to be made to the consumers to organize a week's strike to bring down the price of fresh vegetables.

GERMANY GETS ULTIMATUM

Allies to Have 2,000,000 Tons Monthly or Take Sterner Steps

Spa, July 13.—The Allies served an ultimatum upon the German delegation to the conference here late yesterday afternoon that the Germans must agree by 3 o'clock this afternoon to deliver to the Allies 2,000,000 tons of coal monthly.

Otherwise, the Germans were informed, the Allies will take measures to enforce the terms of the Versailles treaty.

FAIRFAX YOUTH A VICTIM OF POISON

Authorities Probing Circumstances of Youth's Death

INSURED FOR $5,000

Friends Declare They See No Reason For Him to Have Ended Own Life.

With their only clue an empty bottle having upon it the label "strychnine" and the red, warning skull and cross-bones indicating poison, Fairfax County officials are today investigating the mysterious circumstances surrounding the death by poisoning of Lewis Simpson Makley, 15-year-old son of Harry Makley, a farmer living near Centerville, Fairfax County, Va.

Young Makley was found by his father under a tree, dead, on the family place last Monday afternoon. In the boy's trouser pocket was a bottle labeled "strychnine." The youngster lived with his father and stepmother.

Because members of the family could give no reason for the boy committing suicide, Coroner W. I. Robey, of Herndon, ordered an inquest yesterday, at which both he and C. Vernon Ford, commonwealth attorney, questioned relatives of young Makley.

The inquest was not completed, and will be continued at Fairfax next Monday afternoon.

Yesterday's investigation revealed that Claude Moore, the boy's uncle, living less than a mile from the Makley farm, had previous to the boy's death, a bottle of strychnine in his family medicine chest. When he was questioned yesterday he could not definitely say whether the bottle found in the boy's clothing was the same which he had previously possessed. He said it resembled the bottle he had owned, but could not recognize it as the same. Since the boy's death Moore's bottle has been missing.

Moore is a brother of Mrs. Harry Makley, stepmother of the dead boy.

Though they admit they are not certain that the strychnine bottle is the same which Moore said he once had in his family cabinet, county officials are endeavoring to learn how the bottle, if it is the same one, could find its way to young Makley's pocket.

The inquest yesterday further revealed that the boy's life was insured for $5,000. The father said that a few weeks ago the insurance had been written for the boy, the same amount being issued for himself and his young daughter. Irene Makley. Though the medical examinations had taken place, it is understood the first payments had not been made on the policies. The father was said to be the beneficiary of the boy's policy.

Those present at the initial session of the inquest described the father as sadly stricken by his son's death.

ANOTHER TRY FOR DEBS

Personal Appeal Will be Made to President Wilson

Detroit, Mich., July 13.—Unless he is pardoned, Eugene V. Debs, Presidential nominee of the Socialist Party, will direct the party's campaign this summer from Atlanta Federal Prison, where he is serving a sentence for violating the Espionage act, the committee decided here yesterday. Party leaders would visit Debs frequently at the prison during the campaign and learn his wishes.

The committee decided first, however, to make a personal appeal to President Wilson for Debs' release. A group of about 200 Socialists plan to call on the President within the next two weeks and urge him to act on the request made by a similar committee two months ago to Secretary Tumulty.

NOTICE

A special meeting of the Holy Name Society will be held this evening at 8 o'clock in the Lyceum. Business of importance.

REPLACE THE LIGHT

Within less than a week the police department has been notified that the grocery store of Monroe and Monroe, on east side of Royal street, between King and Cameron, has been entered and robbed three times. The amount of plunder secured has been small in each case, but the fact that a succession of robberies should have been committed in so short a time within a square of the station house is puzzling. The officers were on the alert last night, having their attention concentrated on this store, and they were astonished this morning when told that another entry had been effected last night.

The rear portion of this store abuts on the alley running from the market court to King street, and it is suggested that the thieves, believed by some to be boys, made their entrance from the rear of the store.

Before the "dry" days a public house was conducted in the building facing the north in Market Alley at its junction with that leading to King street. A brilliant electric light shed its radiance through this passageway, and during its continuance no robberies were reported by persons conducting business on Royal street. This light was removed several years ago, since which time the alley has been dark and dismal after nightfall.

The alley running east and west south of the market court, known as Market Alley, and that leading to King street were evidently intended to be public highways when the city was laid out, and the light which was formerly maintained at the intersection should be restored.

BASTILE DAY

Tomorrow, July 14, will be Bastile Day, anniversary of the destruction of that citadel of cruelty in the days of Louis XVI., who, it has been truly said, inherited the revolution fro mhis ancestors, Louis XIV. and Louis XV.

The scenes incident to the demolition of the Bastile are among the most interesting in the history of other days. We have not the room to present even a clear synopsis of this momentous event. While we have no word of extenuation to utter for the wild rabble which subsequently went to such extremes in their exasperation, the elimination of this gloomy edifice marked the passing away of a dismal landmark which was long a disgrace to the capital city of the great French nation. Among those who passed so many years of their existence in the Bastile was Latude, who was imprisoned 26 years at the instance of a character known as Madame Pompadour, who virtually ruled France in the days of Louis XVI.'s predecessor.

On Sunday, July 14, 1918, while the issue of the late world war was still undecided, the organist in one of our Alexandria churches rendered the "Marseillaise Hymn" as a prelude to the services. It was rendered softly, and as the summer zephyrs floated into the windows there was a suggestion of aeolian harps. While far away from the land of its birth, the notes of that immortal hymn filled all present with optimism.

The Huns were still fighting desperately, having made their last drive, which had proven a failure. They were weakening and America and her allies had much for which to be thankful. Before the snow began to fly Germany had thrown up her hands, which brought to a close the most sanguinary war ever known on this planet.

TERCENTENARY CELEBRATIONS

The year 1920 is doubly significant, historically. It marks the three hundredth anniversary of two important events which led to the founding of the republic of the United States of America. One is the signing of the Mayflower Compact and the landing of the Pilgrims; and the other is the meeting of the first American Legislative Assembly.

Dr. Charles W. Eliot's inscription on the Pilgrim Memorial Monument at Provincetown, Mass., tells of the Mayflower, carrying 102 passengers, men and women and children, casting anchor in this harbor 67 days from Plymouth, England. This body politic, established and maintained on this bleak and barren edge of a vast wilderness, a state without king or a noble, a church without a bishop or a priest, a democratic commonwealth, the members of which were straitly tied to all care of each other's good, and of the whole by every one. With long-suffering devotion and sober resolution they illustrated for the first time in history the principles of civil and religious liberty and the practice of a genuine Democracy.

But before this fellow-colonists of Captain John Smith had met at "James City" (Jamestown,) Va. for the first American Legislative Assembly. On July 30, 1619, they had thus broken ground for the foundation of the present Democratic form of government in the United States.

In September a "second Mayflower" will set sail from Southampton, England, to follow to the American shore the path taken by the original Mayflower.

This boat, carrying many prominent people of England, Holland and the United States, will anchor in Provincetown Harbor in late September. Its arrival will perhaps mark the crowning dramatic episode of the entire Tercentenary celebrations.

IN MEMORIAM

O'NEILL—In memory of JAMES M. O'NEILL, who departed this life one year ago today, July 13, 1919.

Dear is the grave in which he is laid,
Sweet is the memory which will never fade,
Part of my life is buried deep,
Under the sod where my husband sleeps.
God called him home it was his will,
But in my heart I miss him still.

His loving wife,
166-1p Edna O'Neil.

FARMER MUST PAY PENALTY

Highest Court Upholds the Death Sentence Upon Slayer of Four

Jackson, Miss., July 13.—Characterizing the crime as one of "fiendish brutality unparalleled in the criminal history of the state," the supreme court yesterday affirmed the death sentence of Charles Marshall, a young Monroe county farmer. Date of execution was fixed at August 20.

Marshall was convicted of dynamiting the home of Bob Miller, killing four of its inmates, then setting fire to the debris, cremating the bodies. One of the victims was Marshall's own illegitimate child, the testimony developed. The court's decision, read by Associate Judge Held, gave full credence to testimony of Pearl May Miller, fourteen, sole survivor of the tragedy, who escaped the assassin by hiding behind a door and then climbing to the attic, where she saw Marshall kill her father, brother, sister and the latter's illegitimate child.

After the first three had been killed, the girl said, Marshall turned his attention to the crying infant as it crawled across the floor, killing it with a blow. Referring to the girl's story, Justice Holden declared "she spoke the truth, as it can only be spoken by a child," and that the jury was eminently justified in believing she had been spared that she might reveal the perpetrator of "this dastardly deed that justice might be done and the law vindicated." The court's decision was unanimous.

GLASS BACK IN CAPITAL

Had Conference With Tumulty And is Expected to Tell Convention Story to Wilson

Washington, July 13.—Senator Carter Glass, of Virginia, chairman of the resolutions committee at the Democratic National Convention, returned to Washington yesterday and conferred at some length with Joseph P. Tumulty, secretary to the President. Senator Glass is expected later to give President Wilson himself a first-hand account of the convention.

Leaving the White House Senator Glass said he had absolutely no statement to make at this time. He informed newspaper men he was "tired out" and not in a talkative mood. While he seemed a bit wearied by the long railroad journey and the convention battles preceding it, Senator Glass did not appear as disheveled as reported when he emerged from the resolutions committee room after all-night sessions with William Jennings Bryan. Mr. Glass were today a natty silk pongee suit, light summer weight, with straw hat to match, and presented altogether a nifty and comfortable appearance.

It may be safely assumed that Senator Glass told Secretary Tumulty all about the battles with Mr. Bryan at San Francisco. The "Virginian" has great descriptive abilities in such matters and a stenographic record of the Glass-Tumulty conversation over Bryan and other Democratic troubles doubtless would be worth reading.

However, neither the Senator nor Secretary Tumulty was inclined to discuss the convention and Democratic politics, but it was apparent that both of them are confident of party success this fall, and their belief in Democratic prospects is increasing daily as the campaign gets under way.

SLAIN RELIEF WORKERS

Murder of Dr. Israel Friedlander and Dr. Bernard Cantor is Confirmed

New York, July 13.—Dr. Israel Friedlander and Dr. Bernard Cantor, of New York Jewish relief workers, who were killed by bandits in the Ukraine on July 7, are believed to have had about $400,000 in American money upon them when they were attacked, Felix Warburg, chairman of the joint distribution committee said here last night.

The only means of getting funds to war sufferers in the section in which the two men were working, Mr. Warburg explained, is by carrying it in person.

Mr. Warburg announced the receipt today of a cablegram from the Warsaw branch of the committee confirming the Associated Press report of the murder of Dr. Friedlander and Dr. Cantor.

VALUE OF VIRGINIA CROPS

Tobacco, Wheat, Peanuts, Potatoes, Apples and Cotton Make Decided Spurt

Richmond, July 13.—Value of six of Virginia's principal crops increased in the past five years from approximately $38,924,000 to $134,314,000 according to figures compiled yesterday by Henry M. Taylor, of the Bureau of Crop Estimates in Virginia, for the Florida Bureau for the purpose of comparison. The value of the crops in question—tobacco, wheat, peanuts, potatoes, apples and cotton—for the year 1918, is given as $110,338,000.

Total acreage in cultivation in 1914 was 4,650,000, the report shows. In 1918 this figure had increased to 5,243,000, and by 1919 to 5,350,000. The Bureau of Crops Estimates is now working on the acreage for 1920.

ICE CREAM SODA IN PARIS

At First Skeptical French Have Turned to American Delicacy With Relish

Paris, July 13.—The ice cream soda has invaded Paris. With the arrival of the first of the American tourists have sprung up numerous shops which boast that within may be obtained "real American ice cream sodas." Prices for this American drink range from 3 to 6 francs, according to the character of the shop.

Paris has always had places where poor imitations of the great American drink could be obtained, but not until this spring when the tourists trade revived, did the real thing make its appearance. An amusing feature of the French premier of the soda has been the popularity it has attained with the Parisians.

At first quite skeptical, the French later tried the drink and liked it. One large cafe on one of the famous boulevards serves more French people than Americans with ice cream sodas. This cafe has even attempted the sale of sundaes, but they haven't achieved the success of the sodas.

BOLT KILLS TWO

Tampa, Fla., July 13.—A special to the Times today states that lightning struck the schoolhouse at Enville, about 4 miles north of here, just as the people were assembling for church Sunday, and I. B. Norman and his 17-year-old daughter were instantly killed. Twelve others were knocked unconscious. The school building was set on fire, but was extinguished before it was completely destroyed.

YOUNG GIRL BURGLARS

Two Sisters, 11 and 6, Plead Guilty to Stealing $1,000 Worth of Valuables

New York, July 13.—Two of the youngest "female burglars" on record appeared in Police Court in Brooklyn yesterday, when two sisters, aged 11 and 6, pleaded guilty to a charge of juvenile delinquency. They were arrested in a Brooklyn home, after they are alleged to have forced an entry and packed $1,000 worth of silverware and jewelry in a suitcase.

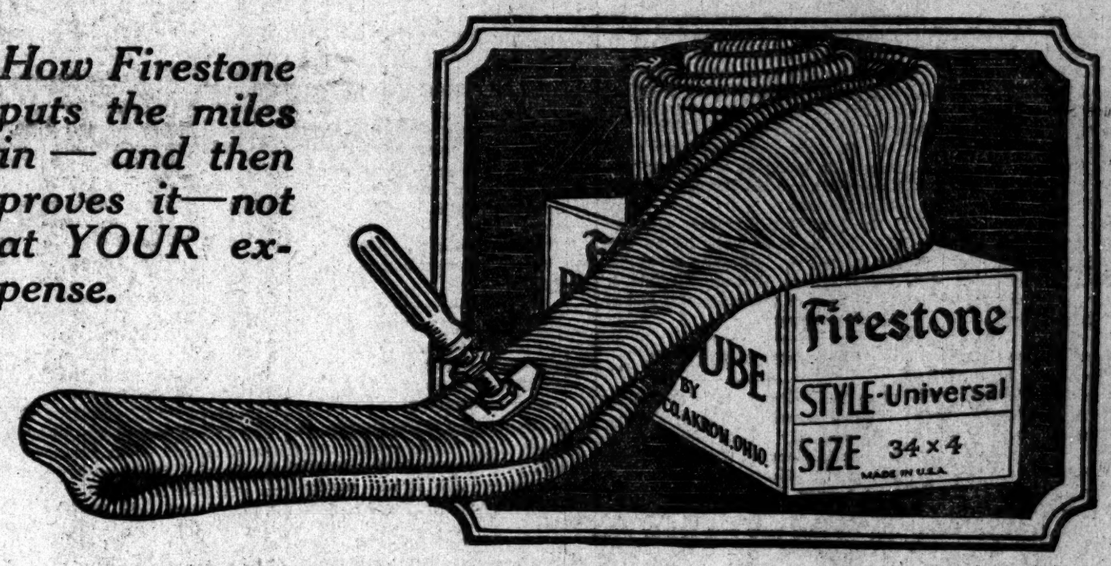
A big-scale road test on 3,200 tubes

How Firestone puts the miles in — and then proves it—not at YOUR expense.



No other tubes in the world are road tested on so big a scale as Firestones. The Yellow Cab Company of Chicago uses Firestone Tubes exclusively on its 800 taxi cabs. The service of these tubes is checked constantly—improvements and developments are arrived at.

By close watching of a large number of tubes in service—not confined to isolated instances, the conclusions are accurate and definite.

Firestone puts the best in materials into tubes by establishing purchasing experts at Singapore, center of the world's rubber market. Firestone puts the best in workmanship into tubes by organizing the crack manufacturing organization of the industry on a profit-sharing basis.

And then subjects the finished product to this big-scale road test—in order to get you more for your tube money and more miles out of your tires. And yet Firestone Tubes cost no more than the ordinary kind.

DAMAGE BY FLOOD

Many Business Houses in Staunton Under Water as Result of Heavy Rains

Staunton, Va., July 13.—Swelled by twelve hours of incessant rain, Lewis creek overflowed its banks Sunday morning and again last night in one of the worst washouts here in years, reaching a depth of fifteen feet or more and causing damage in the wharf district estimated at $10,000. Heaviest loss was sustained by Klotz Brothers' junk yard, damage of approximately $2,500 having been done to wools, rags and rubber which they had in storage.

About forty feet was washed from the side of the embankment on the Chesapeake and Ohio railroad. A road bridge was washed away, and the local gas plant was forced to shut down, owing to high waters. The flooded area covers the greater portion of the business houses in the district through which the creek passes.

Damage which will run well into the thousands was caused in various places in Augusta county.

STEAMER SENT TO BOTTOM

Two Members of Crew of Lake Frampton Lost When Struck Headon by the Comus

New York, July 13.—Two members of the crew of the steamer Lake Frampton were reported lost yesterday when the vessel was sunk in a collision with the Southern Pacific liner Comus off Atlantic City, N. J. Officials of the West India Steamship Company announced they had received a wireless message from Captain Frank Powers, of the Lake Frampton, saying that two members of the crew—an oiler and a fireman—were missing Captain Powers was aboard the Comus when he sent the message.

Lake Frampton, a steel vessel carrying a crew of thirty-seven men, was bound from New York to Norfolk and the Comus, carrying 136 passengers and a crew of seventy-eight, was enroute from New Orleans to New York. The Comus was damaged, according to a message reaching the Southern Pacific office here from Captain P N Middoe. The captain said the Comus struck the Lake Frampton in a headon collision and that her bow was bent. The Comus was due at 3 p. m., six hours after the regular schedule time.

THREE SHOT TO DEATH

Intended Son-in-Law Killed by Girl's Angry Father at Betrothal Party

Allentown, Pa., July 13.—Shootings which claimed three lives within the last twenty-four hours terrorized the foreign colony here yesterday.

The first shooting occurred at the home of Angelo Masono, a leader of the Italian colony. During a dinner and reception at Masono's home at which the engagement of his daughter to Pompoll Marra was announced, Masono shot and killed the prospective son-in-law and seriously wounded his wife and daughter, police charged.

Masono fled but was captured two hours later. He refused to give any explanation of the shooting, but it was said he did not approve of the proposed marriage.

The mother and daughter are in a critical condition from bullet wounds.

A few hours after the Masono tragedy two sisters Miss Armen Gorgodian and Mrs. Charles Davis, were shot to death by an unknown assailant. Both were dead when their parents reached their sides, after hearing the shots.

BANK ROBBERS ESCAPE

Shoot Three Men And Get Away in Automobile With $12,000.

Chicago, July 13.—One of the most daring and spectacular bank robberies in the history of Illinois, or the country at large, for that matter, took place yesterday at Plainfield, 45 miles from Chicago, at noon, when five bandits in a high-powered touring car drove in the sleepy little town and held up the Plainfield Bank for $12,000 in cash and Liberty bonds.

The boldness of the robbery and the rifle battle that followed equals anything written of Far Western bandit exploits. Three men were shot by the robbers, who appear to have escaped unscathed themselves.

FIVE AUTOISTS KILLED

Lancaster Pa., July 13.—Five autoists were killed, when an express train struck their machine near here yesterday. The five were buried under the debris of a suburban station which collapsed when hit by the machine, after the engine had hurled the auto from the track. The party was en route to Philadelphia.

VILLA BOTTLED UP

War Minister Says Rebels Fled to Hills After Engagement

Mexico City, July 13.—Joaquin Amaro has Francisco Villa, revolutionary leader in the State of Chihuahua bottled up, following an encounter near Parral, in which 500 rebels and 300 Federals participated, Gen. P. Elias Calles, the War Minister, announces.

The rebels, who lost 30 men in dead, wounded and prisoners, fled to the hills, according to the War Minister.

Anarchy reigns in Chiapas State as a result of the activities of Rafael Cally Mayor, Felipe Pineda, J. Ruiz and Tiburcio Fernandez, who are trying to form an independent republic, the War Minister stated. He added that Gen. Francisco Cosio Robelo had been sent to pacify these men, peaceably, if possible, and if not by force.

SUFF'S PLEA TURNED DOWN

Governor Clements Issues Proclamation Refusing Legislative Call

Rutland, Vt., July 13.—Governor Percival W. Clements yesterday issued a proclamation refusing to call the Legislature in special session to make possible ratification of the Federal amendment for woman suffrage.

The Governor's proclamation followed a conference which he held at Washington recently with Senator Harding, at which, it is understood, the Republican nominee for President discussed with him the possibility of having ratification completed by the Republcan Legislature of Vermont.

Safeguarding the Investor

Number Six of a Series

One important service which the Investment Banker offers to investors is the examination of their investmeur holdings at frequent intervals. Events of the past few years have especially emphiasized the value of a careful study of changing conditions which may have an important bearing on the worth of investments. The war has brought largely increased profits to certain industries but has been detrimental to others.

Now, in the post-war period, new and equally important changes face us.

It is always advisable, especially in abnormal times, to keep in close touch with the affairs of companies whose securities you hold and it would be our privilege as your Investment Banker to assist you in this important work.

We invite correspondence or consultation so that we may assist you in determining the probable effect of changing conditions upon your securities.

You are Sure of Nutrition in CORBY BREAD.

Every ingredient we use we test first to make sure that it is of the standard we require.

That, too, insures 100 Per Cent purity---we look well to the sources of our supply in buying the different things that go to make Corby Bread.

Our mixing process is the only one which can make sure of getting the full gluten strength of the flour in the dough. The nutritive value of bread depends upon the mixing---the manner in which it is done. We patented the process by which Corby doughs are mixed---and therefore we know that we are getting all of the tissue-building element possible to develop.

Corby Bread is made right here at your home---in Alexandria---where you can drop in at any time and see it in the making. Deliveries are made to your grocer or delicatessen fresh from our ovens.

Corby Bread

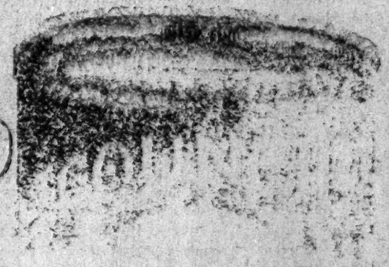
100 Per Cent Pure

100 Per Cent Nutritious

"Pure as Mother made it."

COUNCIL MEATS

Better Meats That Cost Less
No Waste · No Ice Needed
Always Tender
Ready-Cooked To Perfection



Stop Buying Water— at the price of meat

A GOODLY part of the meat you buy is water, and when the meat is cooked much of the water in it—for which you have paid—goes off in steam. The water is just so much more waste for which you pay, just like the uneatable trimmings.

Council Meats in cans are ready-cooked—the water isn't counted in the weight for which you pay. Neither is there any waste, for every bit of a can of Council Meats is good nutritious food.

And it is so easy to prepare Council Meats!

Take Veal Loaf for instance. To prepare it yourself at home means a good bit of work and trouble and time. But when you buy Council Veal Loaf it is all ready-cooked and it only has to be warmed in the can—opened—sliced—served. All the other Council Meats are just as easily served.

BLOW OF FIST FATAL

Tragedy Alleged to Have Followed Drinking Bout in Trenton Saloon

Trenton, N. J., July 13.—Alleged violation of the National Prohibition statute here Sunday resulted in the death of one man, the arrest on a charge of murder of another and imprisonment of the alleged offender of the Eighteenth Amendment.

The dead man is Edward McElroy, middle aged, formerly of Brooklyn, who has been making his home at different addresses in and about Trenton for some time. A blow from the fist of John Bates, 43 years old, of 414 Southard street, is said to have resulted in McElroy's death. Bates, charged with murder, is being held without bail. L. Girard, a saloonkeeper at Perry and Ewing streets, who is alleged to have been selling intoxicants to the men, was locked up to await the action of the Federal authorities.

Sunday McElroy, Bates and Henry Horn, 35 years old, of 30 Jefferson street, are said to have emerged from the Girard saloon. As they were in the act of crossing the street, McElroy is said to have started a conversation with Bates, and the latter, turning, struck McCroy a blow behind the left ear with his fist. The man fell forward, striking the pavement with his face. When picked up he was dead.

Investigation according to the authorities showed that the party had been drinking at the Girard saloon, and the proprietor was taken into custody.

NEW ASSESSMENT

Believed That State Will Average Close to Thirty-Three Per Cent Increase in Values for Taxation

Richmond, July 13.—Within the next two weeks the books from the assessors of land for the five-year period will be in the hands of the auditor of public accounts, and then will begin the totaling of the new assessment for real estate and personal property of the state. There is no way of estimating with any degree of accuracy what the new assessment will show. That depends wholly on the activity and the fairness of the assessing boards named by the courts of the state. Taxes on real estate and tangible property are devoted wholly to local purposes—goes to the counties and cities for local government purposes. There is this exception, however: The tax of twenty-five cents on the $100 of real and tangible personal property is diverted to the state treasury for three specific purposes—roads, schools and tuberculosis That is a special fund for the object indicated and can be used for no other government expense. That was the special tax imposed by the extra session of last year.

Local boards of review are to pass on these assessments by the assessing boards. If these boards raise any assessment they will break records of the past. These boards exist simply because the required vote to abolish them was not mustered in the legislature. They cost the state a considerable sum each year by reducing assessments that have been made for taxes.

Schools, roads and all sorts of county and city expenses are involved and are dependent on the work of the boards of assessors.

Guesses have been made by men who are more or less familiar with the work of the assessors and who know something of the values through out the state. It is believed that the state will average close on to 33 per cent increase in values for taxation.

GIRL VICTIM OF ATTACK

Young Woman Alleges She Was Dragged to Lime Kiln

Cumberland, Md., July 13.—The assailant who Saturday morning assaulted criminally Margaret Fradiska, 16 year old daughter of Mr. and Mrs. Michael Fradiska, on the Valley road near Miller's lime kiln, is still at large today. Efforts on the part of sheriff Anthony Harvey, Deputy Peter McFarland and County Detective F. Clement Demen to locate the man have proved futile. It is the belief of the officers that the man wanted is in this city.

The Fradiska girl left her home here to go to a farm to assist a friend to carry in some vegetables. It was while she was passing the kiln that the unidentified man, masked with a handkerchief over his face, seized her and carried her into one of the kiln pits When she cried for help he flashed a revolver, she says. As she continued to cry out the man put a pocket handkerchief in her mouth. She said she must have fainted then, for she knew nothing more until she awoke lying in the pit.

MOVIES

RICHMOND THEATRE

Eugene O'Brien, stellar photoplay actor who is a favorite everywhere, has a magnificent role as a candidate for political office in the new Selznick Picture, "The Figurehead" which will be presented at the Richmond Theatre today.

"The Figurehead" is a story full of romance, tense dramatic situations and plenty of action. It's a picture you shouldn't miss. It's Eugene O'Brien at his best.

INGOMAR THEARE

Houdini, the highest paid man in vaudeville, the jail breaker who has astonished the world, has duplicated all his world famous stunts in his Paramount-Artcraft picture, "The Grim Game." This picture has a thrill every ten feet. A 3,000 foot drop of two aeroplanes is one of the big moments.

READY TO AID POLES

Allies Will Send Every Assistance Unless Soviet Agrees to Armistice

Spa, Belgium, July 13.—Marshal Foch has been instructed to mobilize Allied forces for possible intervention between the Poles and Bolshviki in event the Moscow Government refuses to accept the proposal of the conference here for an armistice, it is learned on good authority.

Should the Red forces continue their advance into Poland the Allies will give every aid to the Polish troops behind the armistice line fixed by the peace treaty.

BOY'S NECK BROKEN

Lynchburg, Va., July 13.—Martin, the 9 year old son of John W. Noel, while playing on a freight elevator in the Law Building late yesterday, leaned out, caught his head and had his neck broken. The boy's father, at work on a boiler in the building, had cautioned the boy several times during the after noon to stay away from the lifht, About 5 o'clock he missed the son and found him caught by the elevator, his head having stopped the car.

KILLED IN PISTOL FIGHT

Fatal Clash at Barboursville Results From Poolroom Argument

Charlottesville, Va., July 12.—Zeb Breeden, aged 29, of Barboursville, in the employ of a State convict camp in Amherst county, was shot and killed yesterday at Barboursville. The homicide occurred at the poolroom conducted by Rufus Watson. Ill feeling is said to have existed between the two men for some time.

Watson forbade Breedon to enter the poolroom, whereupn Breedon is alleged to have stepped back and begun firing at Watson through a window, Watson drew his pistol, it is charged, and reaching out the door, returned the fire. Breeden's fourth shot, fired after he received his death wound struck Watson in the right forearm, making a serious wound. Watson was taken to the University of Virginia Hospital for treatment, after surrendering to Sheriff Bond and being bailed in the sum of $2,000.

NOTICE

We, the undersigned, certify that we saw Harry Houdini stripped stark naked, searched from head to foot, a pair of the latest improved handcuffs locked upon his wrists; he was then locked in one of the cells, and in less than five (5) minutes he was free of the handcuffs, had opened the cell door, also opening all the other cells, had changed a prisoner from one cell to another and placed the handcuffs upon the prisoner.

There was positively no chance for any confederates or any outside aid.

(Signed) very respectfully
Thomas F. Farnan,
Marshall of Police.

Baltimore, Md., December 26, 1905.

Houdini will be seen at the Ingomar tonight in "The Grim Game."

BUTTERMILK IN DEMAND

Delaware State Chemist Finds Dairy Product Contains 3 Per Cent Alcohol

Wilmington, Del., July 13.—Milk and butter dealers in Wilmington admit that since prohibition has gone into effect there has been a big demand for buttermilk, and now Dr. Herbert Watson, the State chemist, has declared that some buttermilk contains as much as 3 per cent alcohol, and might be classed as intoxicating liquor under the State law.

The milk dealers say that after buttermilk has stood for a time it develops a kick, but it is the kind of kick which no ordinary stomach would want to stand, and they do not believe that the increased demand for buttermilk is due to any desire to get the alcohol which develops.

There is no doubt, however, that the statement of the State chemist occasioned considerable surprise, as no one was aware that buttermilk, under any condition, contained alcohol. It is not likely that the authorities will take any action looking toward stopping the sale of the buttermilk or to class it as an intoxicating liquor.

'ROTTEN RAISIN RUM'

Three Victims Pay $6 a Quart for Moonshine and $6 Fines

Burlington, N. J., July 13.—"Rotten raisin rum" of so powerful a kick that two swigs will put a hardened toper in a stupor is being made and sold by bootleggers here, Mayor E. E. Mount was told, when he gave a hearing to three foreigners picked up on the street by the police in a dazed condition. The prisoners said they paid a bootlegger $6 a quart for the strenuous brew and a few minutes later forgot all about it. The Mayor added another $6 worth of sorrow in the form of a fine on each.

Police express the belief that there is plenty of work for government agents in this vicinty and farmers driving to town hint at suspicious fumes floating from shacks in the suburbs.

SEES DAUGHTER DROWN

Sister is Near Death In Attempt to Save Charlottesville Girl

Charlottesville, Va., July 13.—Miss Geneva Hodges, aged 18, eldest daughter of R. L. Hodges, a fireman employed in the C. and O. yard in this city, was drowned Friday in a pond at the foot of the spur near Millboro Springs. The body was taken to Clifton Forge, where the funeral was held at noon yesterday.

Mrs. Hodges and her two daughters were in the pond learning to swim. The younger daughter had on the wings used in swimming and began to sink. Her sister tried to help her and she, too, began to sink in about 12 feet of water. The mother succeeded in getting the younger daughter out. Geneva went down and before help could be summoned was drowned.

FOR TARIFF ON PEANUTS

First Subject Taken up at Annual Meeting of National Association in Norfolk.

Norfolk, Va., July 13.—Desirability of a protective tariff on peanuts was the initial subject on the program of the first annual convention of the United Peanut Association of America for which representative peanut men from all over the United States gathered here yesterday.

CROKER IS O. K.

Children of Ex-Tammany Boss Lose Suit to Prove Him Incompetent

Jacksonville, Fla., July 13.—The temporary injunction restraining Richard Croker, former Tammany chief, from conducting the affairs of his estate, was dissoved yesterday by Circuit Judge E. B. Donnell, who ruled that the ex-boss of New York was mentally competent to handle his own financial affairs.

The injunction against Richard Croker, Sr., was granted March 30 to Croker's sons and daughter.

Auction Sale

of
Valuable Investment Property
In City of Alexandria, Va.

To settle an estate, I will sell at public auction, on the premises, on Saturday, July 17th, 1920, at 2 p. m., the following property, to wit:

The Norman Apartment house, No. 1315 Duke street, containing seven apartments, all rented.

Six two and a half story brick houses, Nos. 1301 to 1311 containing seven rooms each, and adjoining the Norman, on the east, these properties are good renters, and are all rented.

One large building lot, adjoining the Norman, on the west, 83x100 feet, to a wide alley.

This is the best investment property in the city, and is in good repair.

This entire property will be sold in part, or as a whole, to the highest bidder.

Terms: One third cash, or all at the option of the purchaser, $500.00 cash on day of sale, and terms to be complied with in ten days.

164-6t THOMAS L. CARTER, Auctioneer.

They Come Clean

It's not only the cleanliness and care which we devote to your clothes that make our helpfulness to you so important. It is also the removal of the burden of wash days—the lightening of your work and worry and the solving of the problem of keeping contented and competent maids.

Alexandria Laundry, Inc.

COAL. LUMBER AND BUILDING MATERIALS

W. A. SMOOT & CO. INC.

A SENSIBLE INVESTMENT

The most sensible way to invest your money is to keep your property in good condition and to have a home which will make your family comfortable and other buildings which will properly house your belongings.

You get the direct benefit from money invested in this way from day to day, in addition to the actual increase in the value of your property.

There have been some reductions in the price of lumber by the mills and we are reducing our prices to meet these, regardless of the cost of the different items we have in stock.

Good Light Lightens Labor : :

Lighting the kitchen is like lighting a factory. Good lighting quickens production, as the factory man would say. In other words, it makes work go faster without the expenditure of any more energy.

Of all places needing more light and better light the kitchen in most homes is one of the most important. And when you have doubled or trebled the light in your **work** rooms, try it also in your **living** rooms.

If you find that doubling or trebling the illumination there mean glaring light, **don't** cut down the amount of lighting again—**shade** the light better! Keep the direct rays from striking the eye. Throw some of the light to the ceiling and walls.

In every socket—in every room from cellar to garret—use only

EDISON MAZDA LAMPS

If you will do that, you will find that a great deal more light in the room is decorative, pleasing and restful. It's not the amount of LIGHT that you find irritating in some rooms, but the amount of GLARE.

OUR METER MEN REPORT THAT A NUMBER OF OUR CUSTOMERS ARE USING CARBON LAMPS. WHY NOT BE UP TO DATE? USE MAZDA LAMPS—BETTER LIGHT—LOWER BILLS.
